Chairman Board of Governors' Message

It is with great pleasure that I extend my warmest welcome to all of you at Lahore University of Biological and Applied Sciences (Lahore UBAS), 4th university of the prestigious Punjab Group, the largest education network in Pakistan. As we embark on this transformative journey, I am filled with immense optimism for the future of education and research in Pakistan.

My vision and dream for this university extends far beyond just imparting knowledge; it is to elevate the quality and accessibility of education on all levels. I firmly believe that education is the key that will unlock the doors to Pakistan's development and empower us to rise above the challenges of our time.

Our mission is clear – to set a new standard of excellence in education that not only challenges our students but also enables them to reach their highest potential. As we witness our graduates serving communities globally, we are reminded of the impact education can have in shaping future leaders and making a difference in the world.

Looking forward, we have ambitious plans to establish an innovative hospital within our university premises. This initiative will provide our students with unparalleled opportunities to access top-notch facilities and learn from the experts, fostering a practical and conducive learning environment.

Together, we are building a community of future leaders who will lead with compassion and innovation, dedicated to addressing the pressing global challenges of today and tomorrow. It is through education that we can unlock the full potential of our nation and create a brighter, more prosperous Pakistan!

A handwritten signature in black ink, reading 'Amer Mahmood'.

Mian Amer Mahmood

Chairman
Board Of Governors

Message from the Vice Chancellor

It is my great pleasure to welcome you all to Lahore University of Biological and Applied Sciences (Lahore UBAS), a premier institution dedicated to providing cutting-edge research and academic facilities in a diverse range of disciplines. Our university is home to several faculties, including the Faculty of Pharmaceutical Sciences, Faculty of Allied Health Sciences, Faculty of Social Sciences and Faculty of Biological Sciences, all of which are staffed by highly qualified and experienced professors who are committed to academic excellence.

Our university's mission is to become a leading center of research and academic excellence in higher education, both nationally and internationally. We aim to cultivate a culture of intellectual curiosity, innovation, and collaboration among our students, faculty, and researchers, as we work together to advance knowledge and solve some of the most pressing problems facing society today.

At Lahore UBAS, we are committed to providing a stimulating and supportive learning environment that empowers our students to realize their full potential. We offer a wide range of academic Program/Programs, from undergraduate to postgraduate levels, all of which are designed to equip our students with the knowledge, skills, and experience needed to succeed in their chosen fields.

We also strive to maintain strong partnerships with industry and other academic institutions, both nationally and internationally, to enhance our research capabilities and provide our students with opportunities to engage in real-world projects and gain valuable practical experience.

Once again, I extend a warm welcome to all of you to join us on this exciting journey of learning, discovery, and innovation at UBAS.

A handwritten signature in black ink, likely of the Vice Chancellor, Maj. Gen. (R) Prof. Naeem Naqi.

Maj. Gen. (R) Prof. Naeem Naqi
Vice Chancellor

Message from the Pro-Vice Chancellor

It is my pleasure to extend a warm welcome you all at Lahore University of Biological and Applied Sciences (Lahore UBAS). At Lahore UBAS, we offer transformative education to talented young individuals, empowering them to thrive in the worldwide knowledge-based economy, drive change locally and internationally, and engage in cooperation within a diverse global context.

We are proud to host a number of faculties, including the Faculty of Pharmaceutical Sciences, Faculty of Allied Health Sciences, Faculty of Social Sciences, and Faculty of Biological Sciences. As we move forward, we aim to launch many emerging disciplines related to artificial intelligence, big data, and data analytics, and their application in health sciences. Our university strives to become a leading research and academic excellence centre of higher education, both nationally and internationally.

Our university promises to offer top-notch facilities and resources to our students and faculty members, and we are committed to creating an environment that fosters academic growth, research innovation, and critical thinking. We hope that our students will utilize the opportunities provided to them and become leaders in their respective fields.

In a time characterized by divisions, UBAS actively works to foster understanding and collaboration across borders and various boundaries. We have a successful track record of partnering with renowned Universities, industries, as well as local and national governments.

We look forward to welcoming you to our campus and embarking on a transformative educational journey towards academic, research and professional excellence.

A handwritten signature in black ink, which appears to read 'Naeem Mubarak'.

Prof. Dr. Naeem Mubarak
Pro-Vice Chancellor

LMDC Awarded University Charter

As the first private medical college in Lahore and Punjab, Lahore Medical and Dental College is renowned for its dynamic academic programs, cutting-edge curriculum and state-of-the-art facilities since 1997. In a significant milestone, LMDC has now achieved the esteemed status of a chartered university, Lahore University of Biological and Applied Sciences (Lahore UBAS), 4th university under the umbrella of Punjab Group. This is a testament to our unwavering commitment to delivering excellence in education, creating a brighter future for aspiring healthcare professionals in Lahore and beyond.

The legacy of the Punjab Group in education stands as a beacon of excellence and dedication to nurturing the minds of tomorrow's leaders. With a rich history spanning several decades, the Punjab Group has been at the forefront of providing quality education across various disciplines. As the largest educational network in Pakistan, the Punjab Group's institutions have empowered countless students with the skills, knowledge, and values needed to succeed in a rapidly evolving world. Lahore UBAS Stands proudly under the umbrella of esteemed Punjab Group, a vast network encompassing over 1500 schools, 400+ colleges along with University of Central Punjab (UCP), Capital University of Science & Technology (CUST) and Muhammad Ali Jinnah University (MAJU), across the country.

About Lahore UBAS

Lahore University of Biological and Applied Sciences (Lahore UBAS) is dedicated to shaping the future of tomorrow's leaders in the fields of Pharmaceutical Sciences, Health Sciences, Biological Sciences, Social Sciences, and Applied Sciences. Our vision is to empower students with practical knowledge and skills to thrive in today's competitive world. With a focus on excellence in teaching, research and community engagement, Lahore UBAS aims to be a catalyst for positive change and societal development.

VISION

Lahore University of Biological and Applied Sciences (Lahore UBAS) will be a prestigious autonomous institution of distinction, primarily serving the developing world in creative and sustainable way.

MISSION

Lahore University of Biological and Applied Sciences (Lahore UBAS) is dedicated to enhancing human potential by generating and sharing knowledge and applying it through service. UBAS aims to prepare individuals for effective and model leadership roles, as well as to shape public and private policies, by prioritizing research and education excellence, both of which contribute significantly to society.

UBAS will achieve its mission by:

1. Offering world-class programs.
2. Addressing the specific needs of the countries and regions it serves.
3. Focusing on teaching and research that informs and drives intellectual innovation and change.
4. Providing services that support its educational and research objectives.
5. Developing leadership capabilities through its education and research initiatives.
6. Evaluating its effectiveness and impact.
7. Creating an inclusive environment for all socio-economic groups by taking positive steps to promote access and equity, addressing the needs and circumstances of the disadvantaged and promoting the welfare and advancement of women.
8. Participating in knowledge sharing and emerging technologies.
9. Adding value by building partnerships with other national and international institutions.

Core Values

The Lahore University of Biological and Applied Sciences (Lahore UBAS), being a global entity, operates on the fundamental principles of excellence and innovation. It fosters intellectual freedom and encourages critical questioning of the established beliefs and knowledge through rigorous research and academic discourse to achieve its objectives. Our core values include:

Pioneering Excellence at Lahore UBAS

Part of Prestigious Punjab Group

Lahore UBAS is the 4th university under the renowned Punjab Group with a rich history of academic excellence and strong alumni networks.

Purpose-Built Campus

Experience modern infrastructure and state-of-the-art facilities on our purpose built campus, creating an ideal environment for learning and growth.

Specialized Labs

Our specialized labs offer hands-on training, allowing students to apply theoretical knowledge to practical scenarios.

Foreign Qualified PhD Faculty

Learn from esteemed international PhD faculty, fostering global perspectives and excellence in biological and health education.

Digital Learning Resources

Embrace cutting-edge technology with access to digital learning resources, enabling a seamless and enriching learning experience.

Campus Life

The Lahore University of Biological and Applied Sciences (Lahore UBAS) offers a dynamic campus life with comprehensive education Programs, modern facilities and a vibrant culture. Students benefit from well-appointed classrooms, libraries and laboratories, ensuring an optimal learning environment. Lahore UBAS also encourages active participation in extracurricular activities, including sports, cultural events and community service. The university's emphasis on research and innovation creates an intellectually stimulating atmosphere for students' academic and personal growth.

Facilities at Lahore UBAS

Lahore University of Biological and Applied Sciences (Lahore UBAS) will be a leading University of Health and Applied Sciences. As an institution we believe in a wholesome approach to education.

Hostels

Lahore UBAS offers university-owned, purpose-built hostels that provides a safe, comfortable, and supportive environment for students coming from across the country and around the world. Designed to foster both academic focus and community living, these hostels offer students a place they can truly call home.

Associated Hospitals

Lahore UBAS is attached to the state-of-the-art hospitals including Lahore UBAS Teaching Hospital, Ghurki Trust Hospital and Doctors Hospital. These hospitals help hone our students' skills and provide a practical approach to medical studies.

Campus Mosque

The campus mosque is a cornerstone for students' social life and religious activities. Islam is a religion of learning and knowledge. We believe in preparing our students for this life and the next.

Computer Labs

Lahore UBAS has several computer labs to meet the challenges and demands of this era of computer technology. These labs help students access the internet, carry out research and connect with health professionals all over the world. Our green Lab, which relies completely on solar power, is equipped with 70 ready-to-use computers.

Library

The Lahore UBAS library supports the research, education, and clinical activities undertaken by our students. With thousands of books and volumes in both digital and print form, we provide students access to the latest scientific literature.

Lecture Theatres & Auditorium

Lecture theatres allow for an interactive learning experience for students, whereas the auditorium facilitates social activities in a spacious, purpose-built hall. It acts as a nerve center for every activity that happens on campus.

Cafeteria

The university cafeteria provides a variety of tasty and affordable food options to keep students energized throughout the day. From fresh, healthy meals to satisfying snacks, it's a welcoming space where students can relax, connect, and create lasting memories beyond the classroom.

Courts & Indoor Games

We believe in supporting the physical health of students during their university years. The courts and indoor games facilities allow students to undertake recreational activities and enjoy a comprehensive range of sports.
