BREAST CANCER AWARENESS SESSION

The Faculty of Food and Nutrition at Lahore University of Biological and Applied Sciences (UBAS) organised a Breast Cancer Awareness Session to highlight the importance of early detection, timely screening, and preventive healthcare.

The session aimed to promote awareness, encourage informed health choices, and emphasise the role of education in empowering individuals to prioritise their well-being.

Through initiatives like these, UBAS continues to foster a culture of health awareness, education, and community engagement.

WORLD MENTAL HEALTH DAY

The Faculty of Social Sciences at Lahore University of Biological and Applied Sciences (UBAS) observed World Mental Health Day, highlighting the importance of mental well-being, emotional resilience, and creating supportive environments where individuals feel heard, valued, and understood.

The initiative emphasised the need to break stigmas surrounding mental health and encourage open conversations, awareness, and compassion.

Through such initiatives, UBAS continues to promote a culture of empathy, understanding, and holistic well-being.

WORLD ANESTHESIA DAY

The Faculty of Allied Health Sciences at Lahore University of Biological and Applied Sciences (UBAS) commemorated World Anaesthesia Day, recognising the vital role of anaesthesia in modern healthcare and its contribution to safe surgical procedures and patient care.

The occasion highlighted the expertise, precision, and dedication of anaesthesia professionals who play an essential role in ensuring patient safety and improving healthcare outcomes.

UBAS acknowledges the contributions of anaesthesia professionals and their continued commitment to advancing healthcare.

PAKISTAN NURSING & MIDWIFERY COUNCIL (PNMC)

Lahore University of Biological and Applied Sciences (UBAS) welcomed the Pakistan Nursing and Midwifery Council (PNMC) for an official visit, providing an opportunity to review academic facilities, educational standards, and institutional practices related to nursing education.

The visit reflects UBAS's commitment to maintaining quality education, strengthening academic standards, and ensuring excellence in nursing and allied health sciences.

UBAS looks forward to further strengthening its efforts towards developing competent and skilled healthcare professionals.

HOUSE OFFICERS MONTHLY MEETING

Strengthening communication, fostering collaboration, and enhancing professional development! The Faculty of Rehabilitation Sciences (FoRS) held its Monthly House Officers Meeting, providing a platform to discuss departmental updates, address key matters, and support continuous learning and professional growth.

FORS ANNUAL DINNER POSTER REVEAL

The wait is over! The Faculty of Rehabilitation Sciences (FoRS) officially unveils the poster for its much-anticipated Annual Dinner

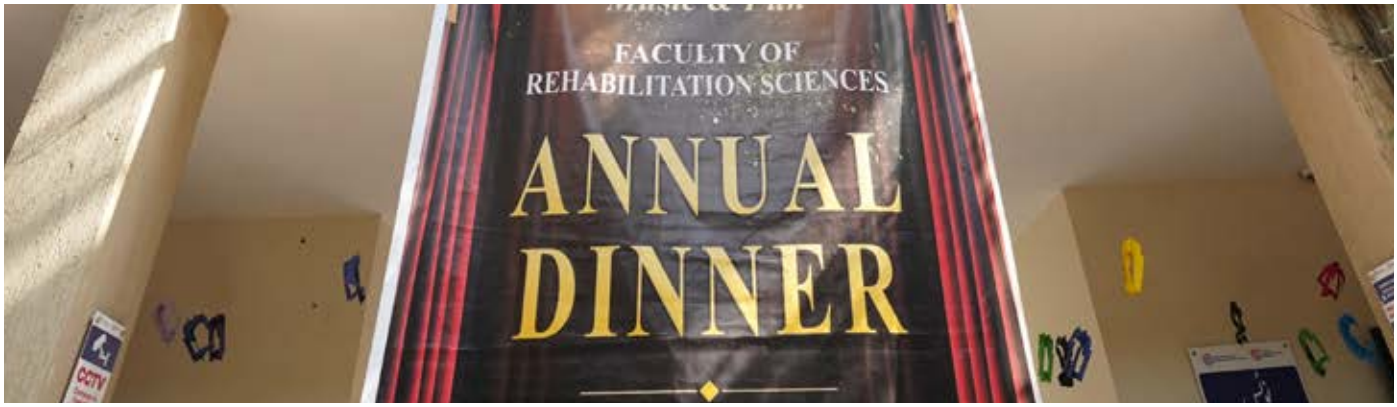

An evening dedicated to celebrating achievements, strengthening connections, and creating memorable moments with the FoRS community.

Stay tuned for an unforgettable celebration!

FROM AI FRONTIER TO TRUSTED HEALTHCARE

UBAS welcomed Prof. Dr. Fan Zhang for an insightful lecture exploring how Artificial Intelligence is shaping the future of healthcare, bridging cutting-edge innovation with trust, reliability, and real-world medical applications.

Advancing knowledge, inspiring innovation, and exploring the possibilities of AI-driven healthcare at Lahore University of Biological and Applied Sciences (UBAS).

FOPS X ELUSA HEALTH - MOU

Strengthening Industry–Academia Collaboration!

The Faculty of Pharmaceutical Sciences (FoPS), Lahore UBAS, joins hands with Elusa Health through a Memorandum of Understanding (MoU), fostering collaboration, advancing healthcare innovation, and creating new opportunities for academic and professional growth.

Building Partnerships. Advancing Healthcare. Empowering Future Professionals.

OUTCOME BASED EDUCATION (OBE) FOR FOPS

Advancing Academic Excellence Through Collaborative Learning!

The Faculty of Computing (FoC), Lahore UBAS, conducted an Outcome-Based Education (OBE) session for the Faculty of Pharmaceutical Sciences (FoPS), focusing on strengthening teaching and learning practices, aligning academic outcomes, and enhancing the quality of education through technology-driven approaches.

Bridging Disciplines. Enhancing Learning. Driving Academic Excellence.

FORS HOUSE OFFICERS CERTIFICATE DISTRIBUTION

Recognising Leadership. Celebrating Dedication. Honouring Service.

The Faculty of Rehabilitation Sciences, Lahore UBAS, held a House Officers Certificate Distribution Ceremony, acknowledging the hard work, commitment, and contributions of its House Officers throughout their professional training.

Congratulations to all recipients on this milestone and best wishes for continued success in their healthcare careers!.

FACULTY OF FOOD & NUTRITION SECURES PLACE AMONG NATIONAL TOP 8 AT IPEX 2026

Faculty of Food and Nutrition Secures Spot Among Pakistan's Top 8!

Our students shined at the 5th "Know Your Food, Know Your Health" Quiz Competition held at International Poultry Expo 2026, competing against top universities from across Pakistan.
With exceptional knowledge, confidence, and teamwork, our team qualified through multiple competitive rounds to reach the final round and secured a position in the National Top 8.
This remarkable achievement reflects their dedication, preparation, and true passion for nutrition.
Heartfelt congratulations to our talented students for representing UBAS with excellence and pride!

NABIRA CHAUDHARY SELECTED FOR CNN MULTIMEDIA REPORTING WORKSHOP

Faculty of Biological Sciences (FoBS) successfully organized its Third Series of Journal Club 2026 from 1st–4th September 2026 under the Faculty Development Program.

The series featured contemporary research in cancer epigenetics, gut microbiome-based cancer therapy, climate-resilient smart crops, forensic entomotoxicology, ancient DNA forensics, immunoinformatics-based vaccine design, and biopharmaceuticals.

The initiative aimed to promote scientific dialogue, critical thinking, knowledge exchange, and research innovation in the biological sciences.

4TH BOARD OF STUDIES MEETING - FORS

The Faculty of Rehabilitation Sciences (FoRS) successfully conducted its 4th Board of Studies (BOS) Meeting, bringing together academic leadership and faculty members to discuss curriculum development, academic progress, and initiatives to enhance educational standards.

The meeting reflects FoRS's continued commitment to academic excellence, quality education, and the advancement of rehabilitation sciences.
